Dear Families

Please find attached a copy of the Easter revision timetable highlighting the sessions that are being delivered over the holidays to help your son/daughter prepare for the impending exams. With time dwindling until the first exam it is imperative that your child maximises every opportunity to increase their grades and improve their outcomes.

If subjects that your child studies are not running sessions over the holidays there is still the expectation that they do independent study to consolidate recent learning. All Year 11 students have received on-going support helping them to learn how to revise in the most effective manner and they should all have material to revise in all subjects.

We are totally committed to ensuring that your child is as prepared as possible for the final exams, over the past months we have been implementing numerous targeted interventions to provide extra support to individual students where necessary. During the first week after the holidays all Year 11 students will be sitting a final mock exam in Maths to determine which tier of exam they will be entered for. Students will also be doing mock exams in Science, English and History to provide further experience in assisting them in developing effective exam technique.

We appreciate that this can be a stressful time for you as parents/carers as well so to offer you support we are hosting an Exam Support evening on **Wednesday 26<sup>th</sup> April** commencing at **6.00pm** and lasting no more than **45 minutes**. This evening will provide you with ideas on how to help your son/daughter revise for their exams, and will give strategies on how to deal with the emotional stresses of exam preparation.

All students have now received the exam timetable, however if you haven't received one then a copy of this can be found on the school website.

If you have any questions connected with the examinations, then do not hesitate to contact me.

Thank you for your continued support

Yours sincerely
